

Live Performance Review

This is the format for doing the review on the play that you see. IT IS A REQUIREMENT TO SEE ONE PLAY BEFORE THE END OF THE SEMESTER!!

1. A summary of the play. What is the play about? Where does the play take place? Which are the main characters?
2. What conventions of the theatre are used. Ex. Curtains, spotlights, costumes, breaking the fourth wall, ect.
3. What costumes/set enhance or take away from the performance? Are there any special effects used?
4. Which character did you like the best? Why? What was it about the actor's performance that you liked/disliked?
5. Overall rating of the play. Make sure that you include a scale of good to poor.

Each one of these points should be about 6-8 sentences in length. If there are other elements that you want to discuss in the play, feel free to add them. Your ticket stub or program must be with the review in order to get credit.
